SHOOTING GROUND

07711456524

My shooting ground is situated in some beautiful Sussex downland countryside in a valley with steep sides presenting several different targets from easy to hard showing the highest 'High Pheasant' in Sussex. Due to its location I am unable to set up shelter and other facilities so please come with suitable clothing for the weather expected. Sunglasses and suitable footwear useful.

Best route from the north is follow the M25 to the M23 south to Brighton. Travel down M23 exiting onto M/A27 just north of Brighton signposted Lewes/Hastings. Follow A27 east for approx 15 miles to Wilmington cross roads. From the A27 at Wilmington cross roads turn south towards Lullington and come through Wilmington village. Travel through countryside for about 2 miles down a long hill where you will find a farm on the right at the bottom. The track opposite is the drive to the shooting ground. Drive straight up for about half a mile (do not turn right) passing through second gate. Felt wads only please or always available on site. If difficult to find when close please call or txt and I will talk you in.

Address is **LULLINGTON CT FARM**
 LULLINGTON NEAR
 ALFRISTON EAST SUSSEX
 BN26 5QU
